

Kit Houses By Mail

The "Kenmore"—A Practical, Convenient Home

Size of Home, 24 feet wide by 38 feet long

THE strong appeal which the "Kenmore" makes to home lovers is due to its charming simplicity and its distinctly practical and cozy interior. It occupies but little ground, yet provides a surprising amount of floor space—every inch being made conveniently available for comfortable living.

Living Room: From the big porch you enter directly into the spacious living room. Three windows provide good ventilation and light. Unusual wall space permits of many different arrangements of furniture.

Dining Room: Attractive French Doors separate living room from dining room. Twin windows make this room bright and cheerful.

Kitchen: A double-acting door connects dining room with the nicely planned kitchen. Twin windows of good proportions insure plenty of light and air. Steps leading down to basement are nearby. Throughout, the arrangement is one that the busy housewife will appreciate because everything possible has been done to make the room pleasant, convenient and labor saving.

Bedrooms and Bath: Rarely do you find so small a home with such a perfect arrangement of sleeping quarters. While the three bedrooms open off the living room, dining room and small hall, they are strictly private and insure the greatest possible quiet. Each has ample windows to provide light and ventilation, and the two front bedrooms each have large closet space. The bath opens off a small hall which connects dining room with back bedroom.

It would be difficult to build a home more economical or more convenient. The six comfortable rooms are all of generous size. Unusual sleeping accommodations and the roomy porch, which the entire family will enjoy throughout the summer, are points that will certainly appeal to you. You can be sure the "Kenmore" will prove an excellent investment, and a delightful home.
