

# Marking The Land 1

Colours and markings on Land Registry title plans

- \* In descending order of preference
- † Other features, e.g. fences, restrictive covenants, etc.
- ‡ Blue tinting should be used to indicate floor levels

Conventions		
1 boundary of registered land		7 right of way on other land for use by registered land (alternative to 3.206)
2 boundary of land removed from title		8 drain/cable, etc. any type
3 land excluded from title but within area		9 drain/cable, etc. other types
4 right of way on registered land for use by other land (alternative to 3.205)		10 other features, edging
5 right of way on registered land for use by other land (alternative to 3.204)		11 other features, hatching
6 right of way on other land for use by registered land (alternative to 3.207)		12 other features, tinting

## Explanatory Notes

**Deed plans:** the preferred scale is 1:500 although 1:1250 can be acceptable; it is very important to Land Registry that sites and their features should be surveyed and drawn accurately.

**Conventions:** those shown are normally used by Land Registry on title plans, and should also be used on draft plans, proposed layout plans and deed plans submitted to Land Registry to avoid difficulties and delays.

**Descriptions:** in addition to colours/markings, a description should be given of all features (e.g. '... edged in ... and numbered ...') if conventions 9 to 12 are used, their significance should be described.

In these land-marks is embedded a profound symbolic and political powerone that can serve as fertile ground for new forms of political and.route In the Spring of , Melissa Cicetti won a travel research grant from the New York AIA to take black-and-white photographs during a road trip.1.,6.
